PREAMBLE

(a) INTRODUCTION

The Nigerian Baptist Convention in 2001 established BOWEN UNIVERSITY, Iwo (hereinafter referred to as “the University”).

- i. To provide courses of instruction and other facilities for the pursuit of learning in all its branches and to make those facilities available on proper terms to such persons as are equipped to benefit from them;
- ii. To encourage and promote scholarship and conduct research in all fields of learning and human endeavour;
- iii. To relate its activities to the social, cultural and economic needs of the people of Nigeria;
- iv. To undertake any other service appropriate for a university of the highest standard;
- v. To promote and encourage academic research which will focus on those areas that will promote the development of the society at large. In pursuit of this goal, the various Departments and Institutes will be encouraged to conduct research into some of the critical problems of the contemporary society such as ecology, erosion control, environmental degradation, drug abuse, cultism, etc. These shall be both at the departmental level as well as through the various institutes.

(b) HISTORICAL BACKGROUND OF THE UNIVERSITY

- i. The Baptist Mission came to Nigeria in 1850 with the determination not only to evangelize but also to introduce formal education to the people as a means to promote social development. Thus, by August 1854, the first Baptist missionary to Western Nigeria, the late Revd. Thomas Jefferson Bowen and his wife started a 'school' comprising a handful of the stewards and labourers of the Bowens, and others from the community drawn by sheer curiosity. This has grown today into thousands of primary and secondary schools scattered across the country. Between 1915 and 1960, Baptist primary schools sprang up almost everywhere there was a Baptist congregation, while Baptist secondary schools also followed.
- ii. As early as 1938, the Foreign Missions Board of the Southern Baptist Convention, USA had nursed the vision of establishing a Baptist University in Nigeria as a means of developing the potentials of the youths to the fullest. However, this initial idea was not formalized until it was presented to the meeting of the Baptist Mission held in Eku from 11th to 14th December, 1956. Accordingly, a Survey Committee, which later transformed into the Baptist University Committee in 1957, began a series of activities aimed at establishing the university.
- iii. The Baptist University project was first scheduled to start in 1961 and later rescheduled for 1964. The initial difficulty of raising sufficient funds locally delayed the take-off until 1978 when the project was laid to rest. This became further complicated, when Chief A. Y. Eke, the then Minister of Education, called attention to the fact that there was no provision in the Nigerian Constitution for a private university. Happily, with Government Policy initiative and consequent upon the promulgation of Decree No. 1 of 1993 legalizing the establishment of private universities, the Baptist University project was revived and became actualized in 2001.

(c) NAMING THE UNIVERSITY

The Nigerian Baptist Convention named the University “Bowen University” (of the Nigerian Baptist Convention), Iwo, Osun State, Nigeria, after the Reverend Thomas Jefferson Bowen, who pioneered Baptist mission work in Nigeria in 1850.

(d) PHILOSOPHY

The University is conceived as a centre of learning and research of distinction; combining academic excellence with love of humanity, borne out of God-fearing attitude, in accordance with the Baptist tradition of ethical behaviour, social responsibility and democratic ethos.

(e) THE MOTTO

The motto of the University is “Excellence and Godliness”. This emphasizes the importance which the University attaches to the attainment of excellence imbued with godliness in all its programmes and trainings. “Excellence and Godliness” is the principle underpinning all academic pursuits in the University.

(f) THE LOGO

The focal point of the logo is the open book. The sun stands for light, life and energy. The palm frond symbolizes freshness and a new beginning. It is the dominant foliage of the Nigerian rainforest belt, used for celebrations in the Christian tradition. The wheel embodies the unending and unbroken circle of knowledge informed by Godliness, and the Baptist mission steering humanity along the path of knowledge.

(g) VISION STATEMENT

To be a Foremost Christian Institution of Excellence, Building God-Fearing Leaders, Defining the Future.

Creating a Conducive and Dynamic Teaching, Learning and Research Environment that Equips our Graduates with Christ-like Character, Positive Attitude and Sterling Leadership Qualities.

CHAPTER TWO

RESUMPTION AND ORIENTATION

(a) RESUMPTION

Resumption dates shall be announced by the University from time to time and students shall resume accordingly.

(b) ORIENTATION FOR FRESH STUDENTS

- i. The orientation programme at the beginning of a new session is intended:
 - * to enable new students settle down and adjust to the University culture, and also
 - * to afford new students the opportunity to familiarize themselves with existing rules, regulations and procedures of the University.
- ii. The Directorate of Student Support Services (DSSS), in cooperation with other Departments and the Chaplaincy, organizes the orientation programme.
- iii. It is mandatory that ALL newly admitted students attend ALL the orientation activities and sign attendance register.
- iv. Any student who fails to attend any of the orientation activities shall be sanctioned appropriately.

(c) LIVING TOGETHER AS ROOMMATES

Admission into the University affords you the opportunity of meeting people of different characters, ethnic groups, races, etc. Understanding our personalities, as well as individual differences, will equip us to better manage our own lives and

relate more effectively with others. Consequently, there are things that we are prepared and motivated to do better than others and likewise, there are things they can do better than us. We, therefore, need to network and interact with other students because we need others to fulfill our purpose and plans.

In Bowen University like every other tertiary institution, you are allocated a room with roommates most of whom you have never met before. Your room mates are your immediate family and like the Bible tells us 'love your neighbor as you love yourself'.

The following principles will help you relate well with your room mates:

i. Introduction

A brief introduction goes a long way in knowing your roommates. Introduce yourself by telling your roommates your name, course of study, state of origin, where you reside etc. This helps to foster a good relationship with them.

ii. Communication

Learn to communicate with your roommates. In doing this regularly, you not only become friends, you also know what they like or dislike.

iii. Avoid assumptions

Since it is virtually impossible to know exactly what your roommate is thinking about, learn to understand his/her behaviour and perspectives as well as ask questions for clarifications where necessary.

iv. Do not be part of the problem

Do not support your roommates when they are doing things which contradict God's rules as well as the school's rules and regulation. Always learn to speak out and seek help from the Counselling Office.

Your roommates are now your immediate family; always learn to live as one, with the love of God binding you. Seek the best for them, pray for them, encourage them and love them.

v. Handling Conflicts

If there are serious conflicts in your room, between you and others or among other roommates, please report the matter to the Hall Warden or the Counsellors or the Director of Student Support Services, who will take immediate steps to restoring relationships. If that fails, the Hall Warden may reallocate some or all the roommates to other rooms.

Finally, treat your roommates the way you want to be treated. This is a golden rule which should be applied especially in difficult situations.
